Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at http://about.jstor.org/participate-jstor/individuals/early-journal-content.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

INDEX.

[N. B.—(a) stands for original articles, (b) for book notices, (d) for discussions, (n) for notes, (r) for reviews of books, (s) for summaries, and (t) for translations.]

A

Abnormal Psychology, Some of the Present Problems of, (s) 744.

Activity, The Experience of, (s) 381; Experiments on Intellectual, (s) 83.

Æsthetic Ideal, The, (b) 245.

Æsthetics, The Relation of, to Psychology and Philosophy, (a) 1; The Significant and the Non-essential in Kant's, (s) 173; The Limits of, (b) 245; Principles of General, (b) 364; A Psychological or Critical Foundation of, (s) 514; The Problem of Scientific, (s) 638; Empirical, (s) 638; A System of, (r) 717.

Affective Memory, The Function of Memory and, (b) 243.

Agnosticism of Herbert Spencer, The, (s) 184.

America, Deism in, (s) 184.

American Philosophical Association, The, (n) 109; Proceedings of the Fourth Meeting of the, (a) 166; List of Members of the, 191.

American Psychological Association, The, (n) 260.

Amnesia and the Derangement of Memory by Emotion, (s) 233.

Anastomosis, A Suggestive Case of Nerve, (s) 178.

Animal Education, (b) 250.

Animal Psychology and Criteria of the Psychic, (s) 635.

Antinomies, Reason and the, (s) 630.

Ants and Some Other Insects, (b) 370.

Appreciation and Description and the Psychology of Values, (a) 645.

Aquinas, Kant and, (s) 175.

Aristotelian Society, 1901–1902, Proceedings of the, (b) 369.

Aristotle, The Practical Reason in, (s) 91; The Categories of, (s) 93; His Definition of Tragedy, (s) 94; An Interpretation of *De anima*, III, 7–431a 16–b1, (s) 183; Metaphysics of, (b) 498.

Art, The Genesis of, *v.* The Relation of Æsthetics to Psychology and Philosophy, (a) 1; The Teaching of a Work of, (s) 237; and Artist, (b) 245; The Immorality of, (s) 513; The Individual and the Work of, (s) 638; The Method of the Philosophy of, (s) 746; Realism and Idealism in, (s) 748.

Artist, Art and, (b) 245.

Authority and Liberty, (s) 637.

B

Babeuf, Socialistic Theories of the Nineteenth Century from, to Proudhon, (b) 375.

Bacon, Francis, and Roger Bacon, (s) 240

Beautiful, The Emotion of the, and the Poetic Emotion, (r) 611.

Beauty, Rational, (r) 607; *v.* The Relation of Æsthetics to Psychology and Philosophy, (a) 1; Essay on a Philosophy of, (b) 245.

Becoming, The Universal Regularity of, and the Laws of Nature, (s) 741.

Belief, The Pathology of, (s) 392.

Berkeley, George, Further Contributions to the Biography of, (s) 94.

Biology, Ethics and, (s) 89.

de Biran, Maine, The Philosophy of Will of, (b) 620.

Body, Mind and, in Recent Psychology, (s) 228.

Brutes, Consciousness in, (s) 180.

C

California, University of, Publications in Philosophy, Vol. I, (r) 710.
Cartesian Philosophy, Studies in the, (r) 221.
Cartesian Revolution and Spinoza's Conception of Substance, The, (s) 238.
Cataract, Notes on a Successful Operation for Congenital, (s) 742.
Categories of Aristotle, The, (s) 93.
